ENVIRONMENTALLY RESPONSIBLE BY DESIGN

Our facilities fulfil environmental responsibilities by incorporating open spaces and tree plantations and maintaining existing soil conditions.

TECHNOLOGY FOR THE ENVIRONMENT

We ensure minimum impact on the environment through higher ecology standards and by embracing new technology.

INTELLIGENT HARVESTING OF RAINWATER

Water runoff is minimised and groundwater is recharged through rainwater harvesting systems.

SMART VENTILATION FOR SMART POWER SAVING

Passive ventilation building design eliminates dependency on mechanical ventilation, thereby saving power.

RECYCLE. REUSE. REPURPOSE.

Our building designs promote the use of non-hazardous and recyclable materials.

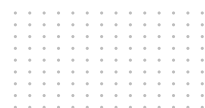

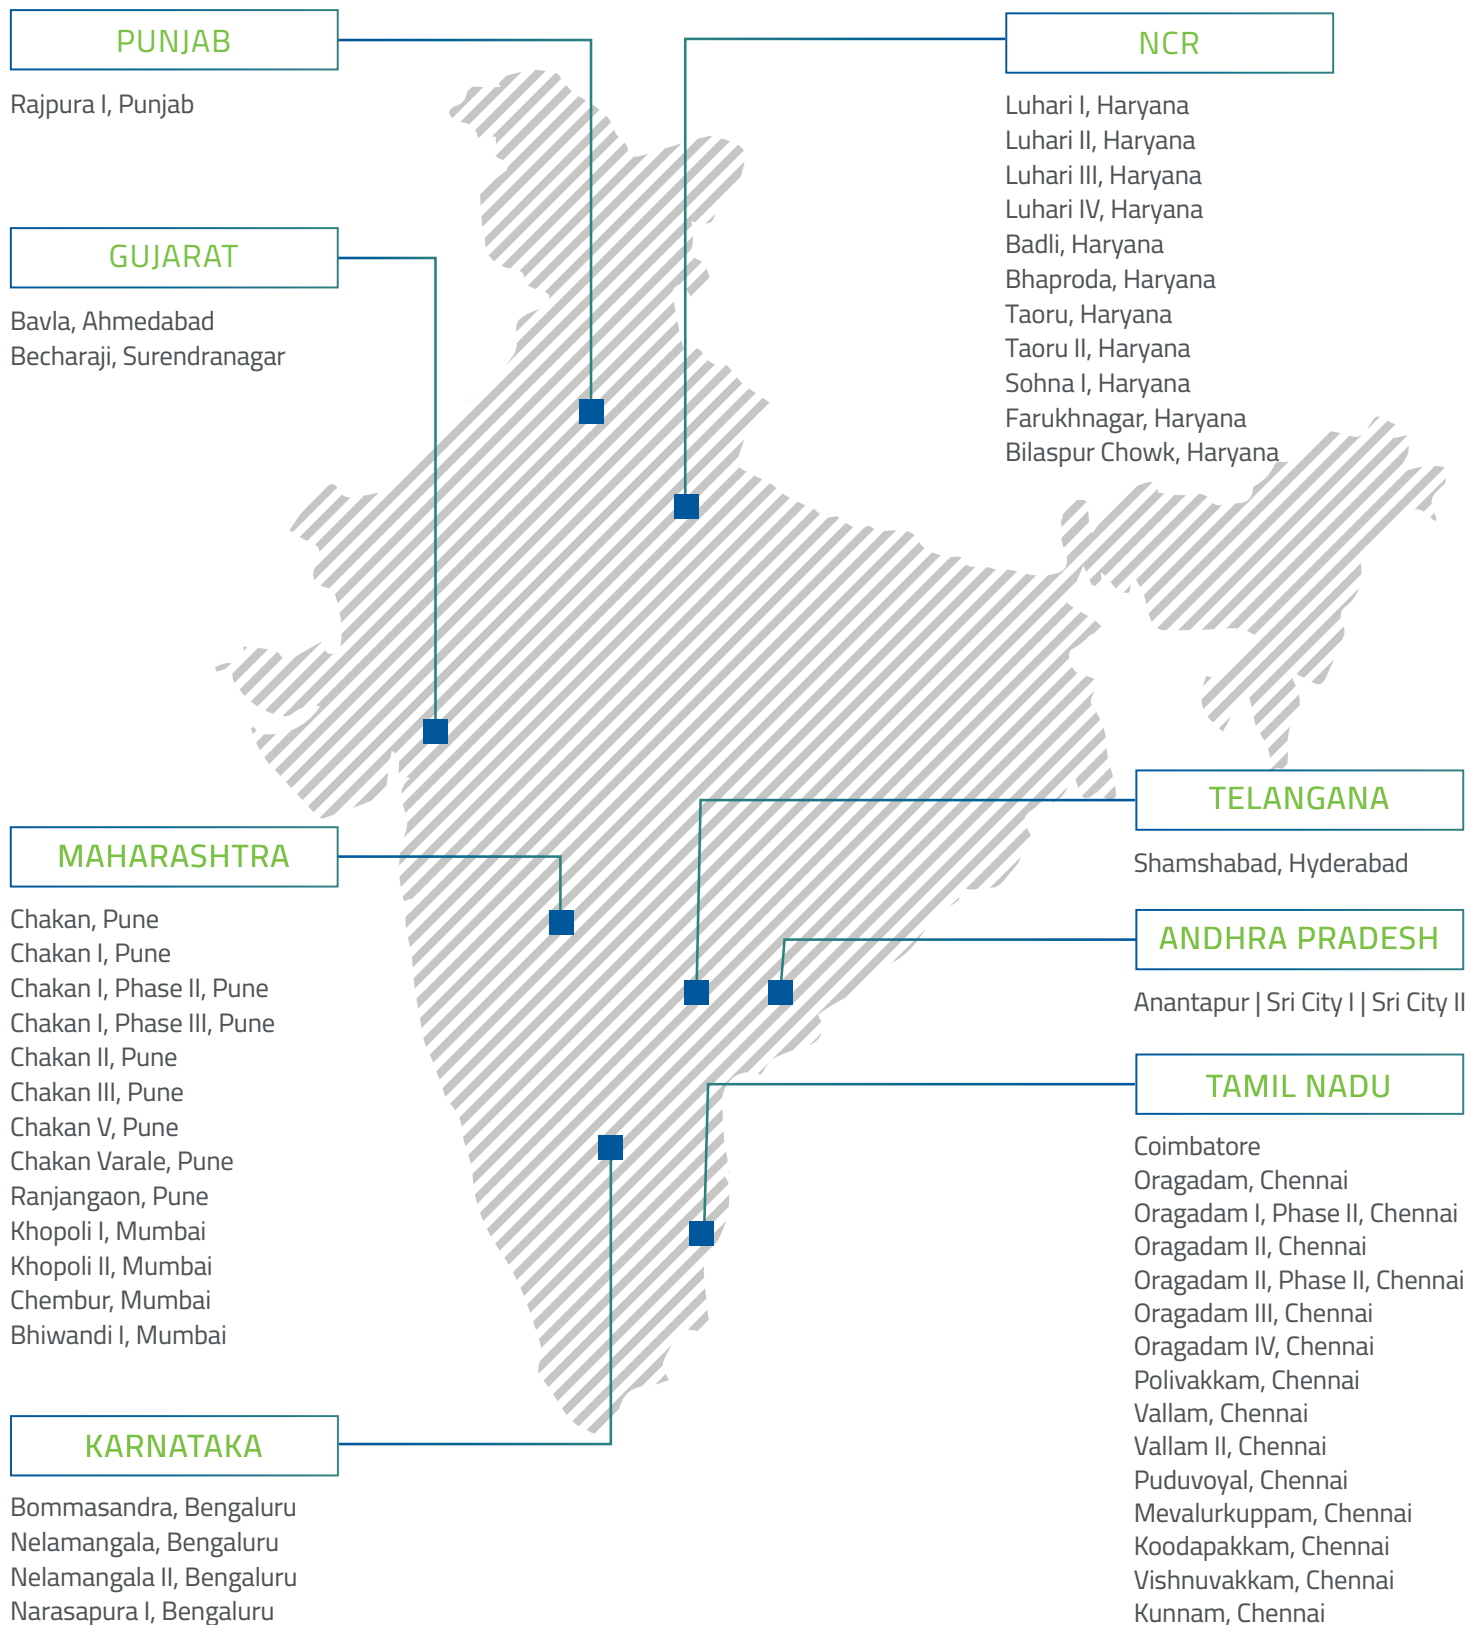

EFFICIENCY IN ENERGY THAT'S GOOD FOR THE PLANET

LED lights and skylights that use natural light help increase energy efficiency.

ABOUT HARYANA

Haryana is one of India's leading states in terms of industrial production and a location of choice for auto and auto-component manufacturers. With strategic investments in world-class infrastructure facilities such as SEZs and transport corridors, Haryana is the third-largest

exporter of software and a preferred destination for IT/ITES companies. Nearly one-third of the state's area falls under the National Capital Region (NCR), a prominent trade and consumption centre.

ABOUT LUHARI III

As an established warehousing hub, Luhari offers proximity to Gurugram, Delhi and other consumption centres of North India. NH-48 (Delhi-Mumbai Highway) and NH-352 (erstwhile NH-71) ensure excellent connectivity to important consumption centres and industrial areas.

Numerous blue chip Indian companies and MNCs such as DHL, Amazon, Flipkart, Myntra, Kuehne + Nagel, LF Logistics, Nissin ABC Logistics, Nissan Motors and Miniso Lifestyle have their dedicated warehouses in Luhari.

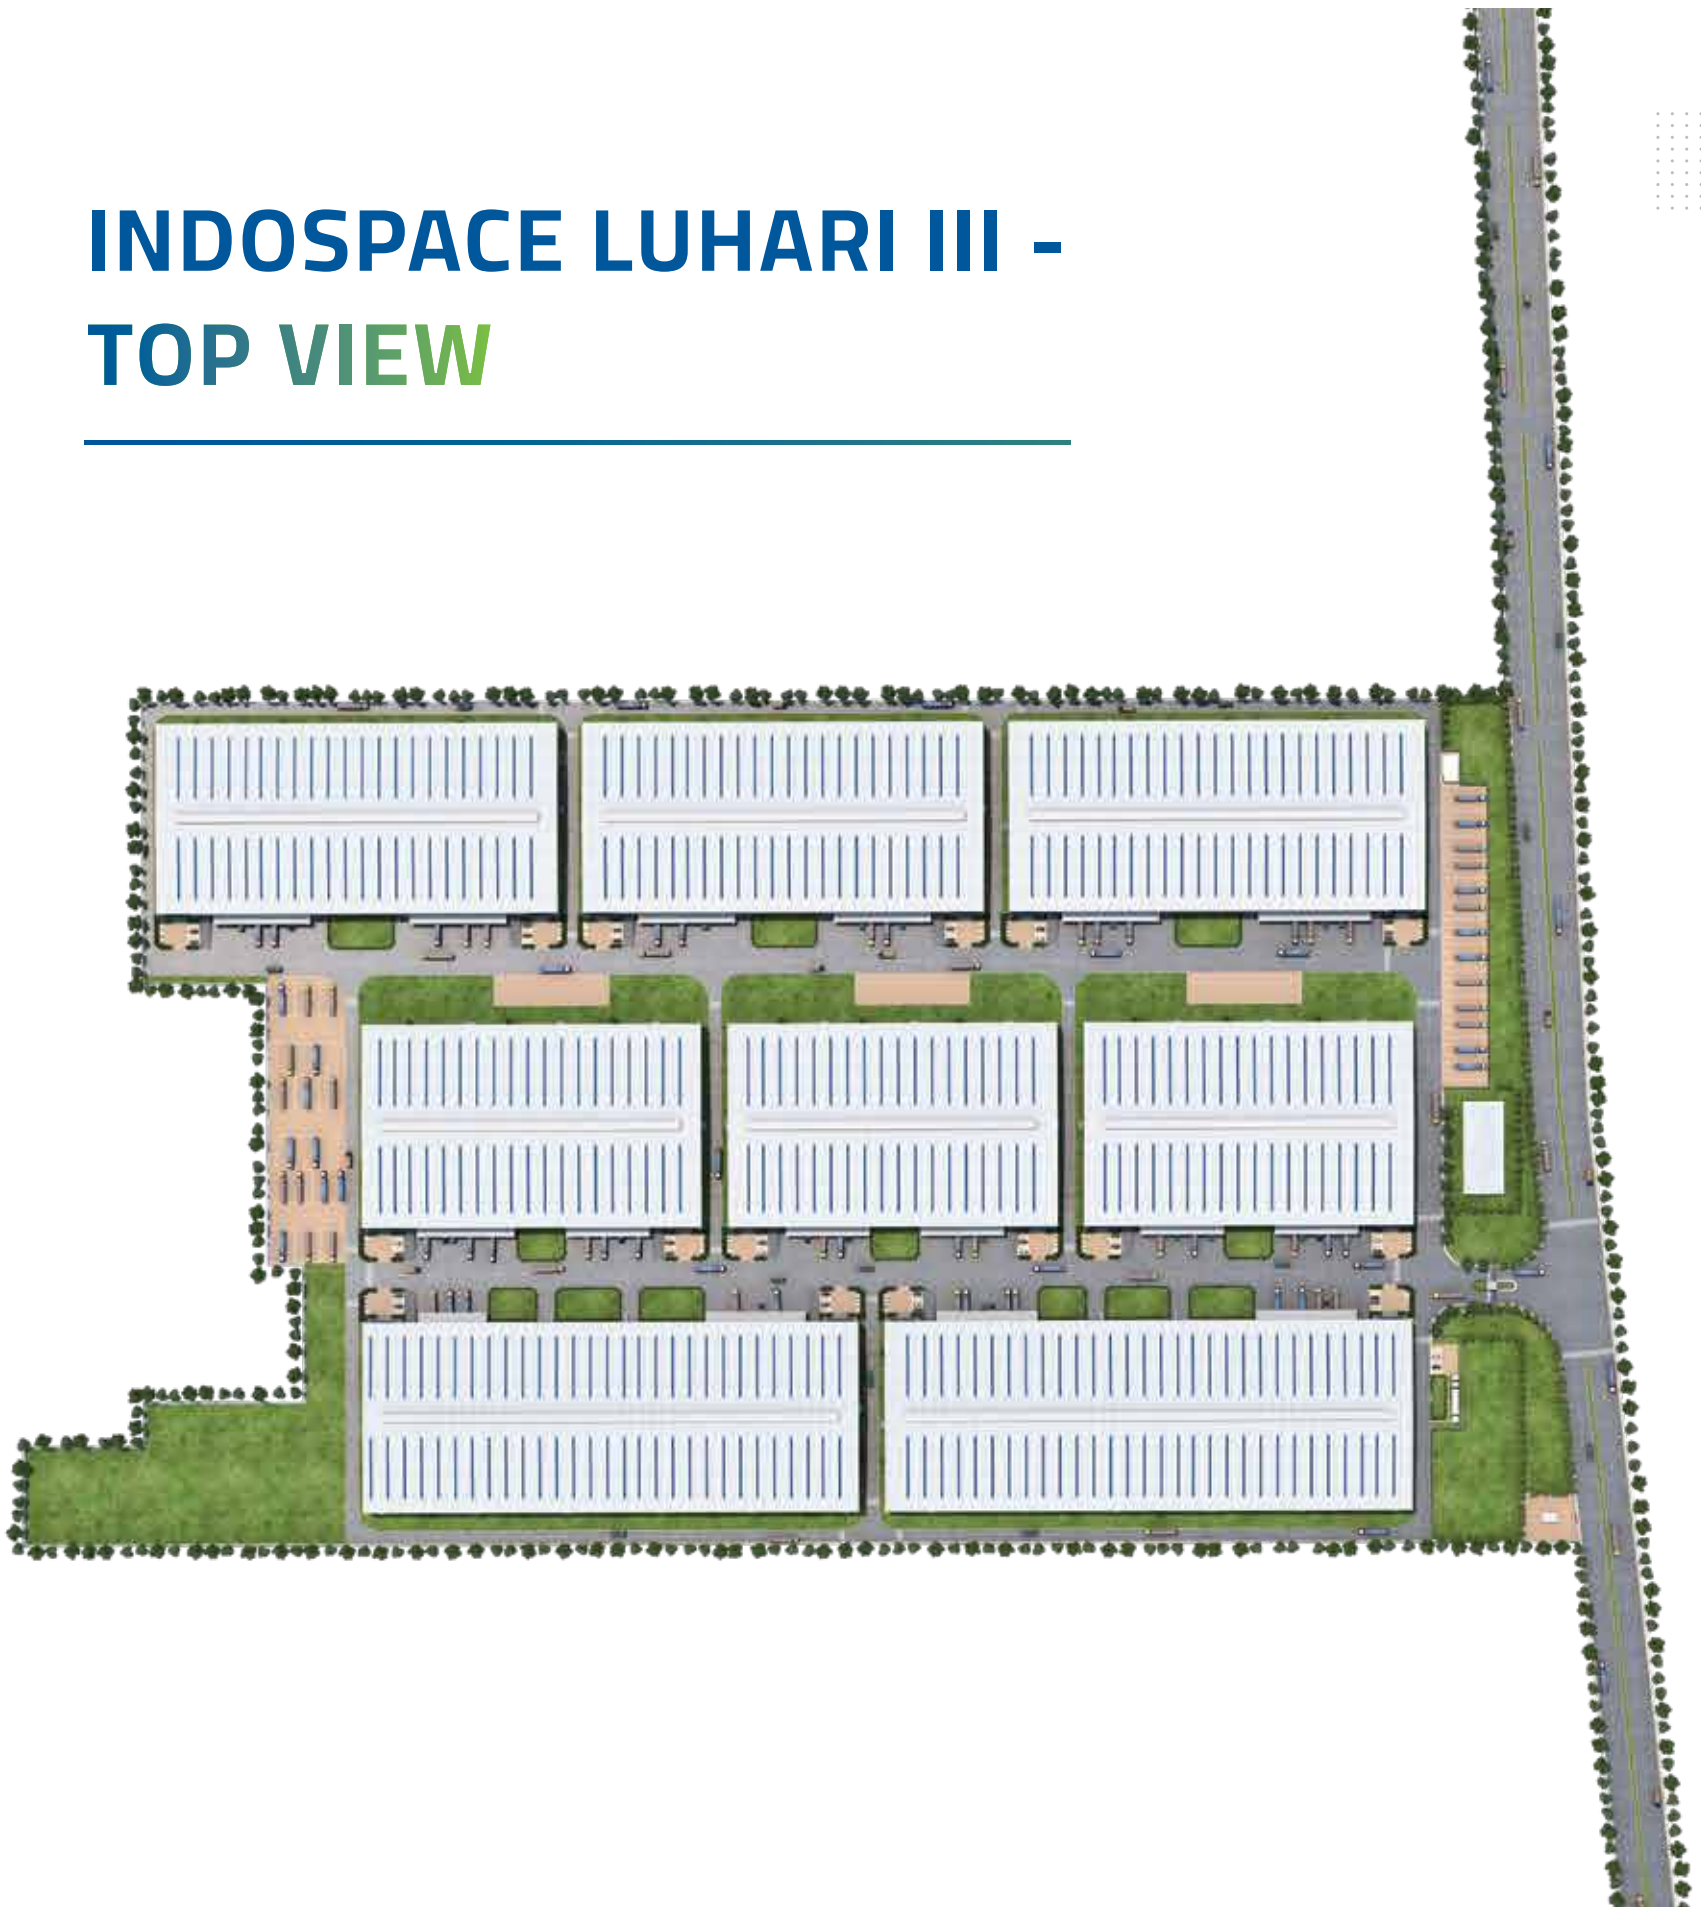

INDOSPACE AT LUHARI III

Located on the Bilaspur-Pataudi Road (MDR-132), the IndoSpace park is just 18 km from Bilaspur Chowk, which is located on the Delhi-Jaipur Highway.

Offering excellent connectivity to Gurugram and Delhi through national highways such as NH-48 (connecting Delhi to Mumbai) and NH-352 (erstwhile NH-71), the facility provides access to important markets in North India.

Strategically located in the established warehousing hub of NCR, Luhari is an ideal location for companies looking to set up warehousing and distribution centres. The region also contains warehouses of companies like Castrol, Future Supply Chain Solutions, Honda and Health Kart. Due to the dearth of Grade-A facilities in the region, IndoSpace is the ideal choice for anyone seeking world-class warehousing solutions.
